The allies have assumed the offensive at all points on the Galipoli Peninsula Dispatches from Tenedos today stated that fierce night and day fighting is in progress at many points. The Turkish general staff is reported to have massed nelles and Constantinople.

Dispatches last week stating that a mutiny had broken out in the Turkish army on the Dardanelles were confirmed today by amplifying advices from that theater of war. Several were killed in the fighting and forty others concerned in the plot were taken to Constantinople and executed.
